RESULT OF TOP BAND CONTEST

Contest committee JA1DD

JH4UYB won ! (4 straight wins ! 2003-summer, 2004-winter and summer, and 2005 winter.)

The number of logs sent is 184 (JA:152, DX:4, SWL:6, Checklog:22). It is a new record (160 logs last year). 72.8% was sent by e-mail. It was also a new record. It reduces much time checking all the data on the logs. Who will win the next 2005-summer !?

VOICE OF MEMBERS

Short Break (2005-Apr.)

JA1CSB: The new EH-Antenna seems popular on 160m. My antenna is an old Half rhombic Type. It is available on 160m – 17m. 599-599 QSOs do not need high-gain hi hi .

JA1TCF: I've got day-off on 1st every month recently for the new-born JCCs. But unfortunately I broke a rib on 1st Feb...

JJ1INO: I'm a little tired from chasing new cities. And pollen allergy annoys me these days...I'm afraid my Keying also be annoyed.

JA2MYA: DXing has not been well but the new-born cities keep me sit in front of my rig.

JA6BJV: I fully enjoyed Top Band Contest from new born Aso-city. I had prepared for more than one month. (EH-antenna, Wire-Dipole, Coaxial-cable, Aluminum-pole , and so on) It was hardest thing to find a suitable hotel for radio operation... but finally I found "Aso Kogen Hotel", where JO6TEI (a worker of the hotel) helped me set my equipments. I worked many QSOs both as "Final Aso-Gun" and "New Aso-city".

JE6QFP: It's tough to chase new cities this year. And my AJA award list has very few blanks to add new cities. I'd like to make additional pages by myself.

JA8AJE: I'm doing reception practice of English normal English sentences using a free software. But I've not made much progress... I'd not like to say it is because of my age...

JA0AAQ: On 21st March, my Niitsu-city (JCC#0807) will be absorbed in Niigata-city (JCC#0801).

VK4CXQ: Let me introduce myself. I am Bevan Davey VK4CXQ and am interested mainly in 6Mtrs but occasionally on 10 MHz.

I used to live in Japan in 1947- 49 (age 12 years old). We used to live at Niji Mura outside Kure. 6Mtrs is not very active as you know but I will tell you what has happened for the last few months from Townsville QH30jr.

Activity started on 13 March 05 with 67 QSOs mainly from Japan but also a few from Korea. Japan QSOs included:-JR8OXT, JA1MOD, JA5GJN, JH1EVD on 2W, JA3FYC on 5W and JH4OYD and JJ3LQP both mobile stations. On 20 March the band opened again with 14 QSOs into Japan including JF2WXF. There were also contacts on 6 & 8 th April including JA2KOW and QSOs on 13, 15 & 16 Apr (JR2UJG) 18, 24 Apr & 04 May (Yasu JA6BJV-KCJ).

From 13 March to 6 May about 150 QSO were held with mainly Japan stations.

I hope this may be of some interest to the readers of the KCJ NEWSLETTER

Short Break (2005-May)

JA0AAQ: I enjoyed the new born cities very much. I'll attend JARL Sendai meeting, so I'm looking forward to meeting many KCJ members there.

JA2MYA: SO BUSY to chase the new JCC !

JH4RGH: I got WARC-1000 and 2000 Award (CW) !! I'll try hard this year !

JA5CUX: I had a chance to visit St. Peter's Basilica on 20th Mar. The entrance was limited because of a special mass, so I had to queue up in the long line. There were wall paintings and sculptures everywhere. I found an antenna out of the window. It might belong to HV3SJ or HV5PUL. A lot of Catholic visited there with an olive branch that day. A window of John Paul's room was open. Thirteen days later "the flying pope" became silent key... amen.

JA6BJV: I had operated barefoot in JA6 area for 5 years. But some difficulties about VU4-CW and 80m band made me decide QRO. I received 1KW license on 10th Mar. My TL922 was not in good condition, so I spent some time exchanging tubes, switches and so on. I'd like to enjoy DXing barefoot as much as I can.

JE6QFP: JA1THL sent me AJA-additional sheet. It was just what I had wanted ! VY TNX.

JQ6QUO: Two months have passed since I started CW. I worked about 60 stations. Unfortunately I have not met any KCJ members. I usually QRV on the edge of 40m & 15m bands. I'd like to brush up my keying speed. I'm looking forward to meeting KCJ members on the air soon.

JA7DJO: Spring, a busy season has come. Time for ham radio might be decreased...

JA8AJE: Spring has come to northern area, too. I can set my fishing-rod antenna without worrying about freezing.

JA8PON: I was transferred to Obihiro-city (JCC#0107) after twelve years on 1st April. It is very near JA8LN.

W7DRA: I have just completed putting together a new 80 meter contest station near Seattle, WA. It consists of an SX71 with a modified bandsread tuning knob, and a BC453 Q5er. I have a beverage with a 6SN7 cascode preamp and can hear pretty well. For transmitting I have an ARC5 VFO driving three 805 tubes in parallel, with about 300 watts output, and an OH4UN type delta loop. I did well in the 2005 JIDX and RDX contests, and hope to have good luck this August in the CQWPX and KCJ contests.

Short Break (2005-Jun.)

JA0AAQ: I changed all the coaxial-cables to new ones. I removed GP antenna for V/U bands and set a new HF broadband-vertical antenna.

JA3ATJ: After the monthly report in Dec., I found some cards for singleband WAJA Award. But unsorted cards are piled up and it might be better to chase new ones than to find them in the pile. Anyway, it is not easy to fill in the blanks of the list.

JH4RGH: From a new JCC "Sanyo-Onoda city", I worked many QSOs but no new JCC/JCG for myself.

JA6BJV: Receiving QSL from VU4RBI/NRO, I confirmed new one for the first time in three years. (P5 and SY remain unconfirmed.) I drank the toast from special wine. I have two more bottles of wine for the two entities. Looking forward to drinking them !

My band new ones in the last year:

80m...13, 40m...5, 30m...9, 20m...2, 17m...18, 15m...3, 12m...19, 10m...10, 6m...3, SAT...12, Total...94

My target "100 up" was not reached, but I achieved good results especially on 80m and WARC bands.

JA8AJE: Chasing mobile stations and working in contests, I became accustomed to very short QSO. I think I need to enjoy normal contacts, too. I'd like to begin with rubber-stamp QSO.

(I'd like to receive "Short Break" from DX members ! --- editor JH8MWW)
