JA2 area meeting on 15th Oct.

Held in Nagoya-city Aichi. In spite of bad weather, six members came to the meeting. Delicious dinner and drinks welcomed them. They enjoyed talking about CW, DX, Mobile-QRV and so on.

Training of CW Listening

by JA8AJE

Those who became interested in hamradio in their youth once heard that "You can talk with foreign radio stations from your house!"

In those days it was not easy to have a good equipment. But these days, it is easy if you operate CW. The problem you'll face in operating CW is ability of listening.

I started training at the beginning of this year. I download some W1AW mp3 files from ARRL website and listen to them. But the quantity is not enough for my training. I'm using a software which puts texts into CW codes.

The software (MorseGen by G4ILO) can be downloaded from

(www.tech-pro.net/g4ilo/index.html).

I set the speed at 30wpm. It's rather tough to copy completely. When I cannot copy a word, I try to understand the code pattern of the word again and again. It helps me understand well.

I'd like to brush up my English as well as CW. I'm making use of CQ-contest Mailing List. But I found that the ML is a little more difficult to understand than textbook examples like VOA.

Challenging satellite

by JH3HGI

I haven't operated satellite since 1987 (I worked only 12 QSO using FO-12). In September this year I heard that I can use VO-52 even by GP antenna. Soon I tried and succeeded to hear many signals. Though it took me a little more time to make contacts, I enjoy the satellite QSOs by VO-52 and FO-29. The satellite enables me to increase KCJA points. The other day, using a cheap 2 bands YAGI, I worked UA0CA, my vy 1st DX by satellite.

Let's try satellite !

VOICE OF MEMBERS

Short Break (2005-Oct.)

JA0AAQ: In Aug, I enjoyed making a trip to U.S.A , Ham-Fair and KCJ 7-Area meeting.

I didn't work mobile operation but it was a wonderful summer.

JH0PPS: I updated KCJA after a long time. I found it a long way to complete it...

JA1BML: I completed KCJA-475 after my trip to 7 area from 5th to 11th Aug. I worked 550 points, including QSOs by ex-callsign. When I confirm them, I'll apply. It seems to take some time...

JA3ATJ: I got only 2 new points for KCJA. I'm wondering if I should sort confirmed cards or work new QSOs...

JH4RGH: I'm very sorry for not having participated in contests this year. I'll try my best next year!

JA6BJV: Signals from DX on 80m have been getting up in the gray-zone time before sunrise. They come to the eastern part of JA first, and JA6 area last. I've worked 139 so far.

JQ6QUO: I started CW in Mar. and received QSL cards by CW this month. I've been trying to make my keying speed fast.

JA7BVS: In Aug. I went back to my parents house and QRV there. We had an earthquake but fortunately no serious damage we had. In KCJ test I tried my best with only 3 hours sleep.

JA7KJR: On 1st of Sep. I went to a newborn city "Hachimantai-city" and worked many QSOs there. I'd like to make a New-JCC Pedi again.

Short Break (2005-Nov.)

JA0AAQ: I was still not good in Sep. but I recovered in Oct. I'm going to work new JCCs.

JH3EZV: I've increased 17 KCJA points in these two years, and I completed KCJA-400.

JH4RGH: I made a new JCC list, but new JCC will be born one after another. I have to remake it.

JA5CUX: Thanks for those who contributed much time for the Ham Fair. Except for QRV from Miyako-Island in July, KH2 and Sapporo-city in September, I was not active these days.

JA6BJV: We had JA6 meeting and enjoyed operation in a new JCC#4414 (Yufu-city). I mainly worked 160/80m bands with a dipole ANT. Each member brought his own paddle. It was fun to find different feelings of the paddles.

JQ6QUO: I've worked gradually on 40m band. To be able to operate on 30/20m bands, I have to upgrade my license.

JA7BVS/1: Owing to a lot of mobile stations from new JCCs, I've worked JCC-700 in three years as JA7BVS/1. Now I enjoy checking QSL cards for the application.

JA7DJO: The rice harvest makes me busy. It interrupts my checking QSL cards.

JA8PON: Using an ANT lower than the roof, I manage to enjoy QRV. I can do it!

Short Break (2005-Dec.)

JA0AAQ: It's the best season for hamradio, but I'm enjoying looking for something like autumn here and there. We can see a rich harvest of acorns.

JA2MYA: DXing is not so good, so I enjoying chasing the newborn JCCs. I've worked some of them so far.

JA3ATJ: I counted my JCC points, checking the data in HAMLOG. I found a lot of uninputted data. My confirmed points seem to increase a little.

JG3LGD: I received the certification of last year's CQWW-TEST 80m Low Power JA#1.

JH3HGI: I've been enjoying SAT since Sep. so that I can work KCJA points.

JH4RGH: I've been trying to complete KCJA 500 this year, but it seems to be carried forward to 2006.

JA5CUX: Many new cities were born, but I've not worked at all. I'd like to work one by one.

JA6BJV: This year I've been trying to achieve Challenge DXCC 2000 UP (CW QSL) and managed to do it. I'll endorse soon next year.

I got 79 UP including 18UP on 80m, 16UP on 17m and 17UP on 12m. I realized T88AG DX Vacation this year, and now I'm planning T2 next year.

JE6QFP: I was transferred to Kyushu. I spent two years and six months loving alone in Kansai. I appreciate all members in Kansai area welcoming me warmly.

JA7DJO: I managed to finish inputting all data into HAMLOG. It took me two years and three months. (70000 QSOs)

JA7KJR: Some more new JCCs will be born next Jan. It's not easy to work them on high bands but I'd like to try hard.

JA8AJE: I mainly operated in contests. DX stations I could catch were not so many. It seems we have to wait for another few years...

KCJ received 292 log sheets (265 from JA, 22 DX, 5 SWL). The total number of the QSO was about 28,000 and 75% log sheets were sent by e-mail of FD. (66% last year) The rate of e-mail & FD will increase next year. I'm very sorry that some stations sent incorrect logs. Some of them mistook the date and others the contest number etc.

It seems that the Ham Fair held on the same day influenced the number of the participants to the contest. We should consider the day of the contest next year. Next year, KCJ contest may be held on 26-27 Aug.

KCJ hopes that many stations around the world will take part in and enjoy KCJ Contest next year !

Message from abroad

HG8W: Arigato gozaimasu contest QSO.
Sayonara 2006, konbanwa.

RA0JT: This contest is very nice time!
Many thanks!!! 73!

RN0JN: I'm very glad wkd in KCJ!

RW0UM: Hello kcjlog,-- Best regards.

RZ0CQ: Good luck! 73!

UA0JJJ: GL!

VK4TT: G'DAY TO ALL OTHER OPS IN
CONTEST

W7DRA: Again another good contest.

I appreciate the kindness of the JA ops
in making sure all information is
correctly transferred. 20 was quite poor,
also 160 and 80. Thank goodness for
40m!

W7SW: Thanks for the fun! Hope to CU agn sn!
