7M1VUE/1, JA1BJI, JA1UKF/1, JA7BVS, JA8LN, JA8AJE, JA8DJY, JH6TYD, JF1HTW, JK1FNN, JJ3LLT, JN1YSJ/1, JR2SCJ																			

Remarks:

IM: You miscopied a callsign.	UM: Your callsign was miscopied.
RR: You miscopied RST received.	RS: RST you sent was miscopied.
MR: You miscopied multiplier received.	MS: Multiplier you sent was miscopied.
NF: Your callsign was not logged in.	TM: QSO time differed more than 10 min.
WC: Dupe QSOs.	

Review of the KCJ Contest 2010 (by JA8AJE):

Your participating the KCJ Contest 2010 and sending your logs to us are greatly appreciated. We have had 359 QSO logs from JA, 38 from abroad, and 3 SWL logs from JA, 1 from abroad. The QSO logs from JA this year are as many as those in the last year (358). But we had more QSO logs from abroad this year than the last year (25), which surely made the KCJ Contest 2010 more enjoyable. KCJ and UFT (Union France des Telegraphistes) have made close relationship since the last year. We supposed that UFT kindly informed European stations of the KCJ Contest. In fact, this year we had participants from France, Italy and European Russia where we seldom had participants before.

Contest Saloon (comments from abroad):

DV1/JO7KMB: I am sorry but I sent wrong # for first 10 stations that I worked. RST + serial number + OC. 11th onwards, I sent correct one, RST + OC. Thank you.

HL5YI: PLEASE MAKE ME WRITING S/W KCJ MODULES....

RA0FU: TNX nice contest. I hope to confirm JCC-700 soon.

RA4HBS: 73!

UA0OD: 73!

VK2AYD: My 4th KCJ Contest and sorry to see CW is dying. What do we have to do to encourage operators to use CW?

VK4TT: G'day to all my JA friends. Used "SD" programme by EI5DI worked very FB.

VOICE OF MEMBERS

QSOs more than 100,000 (by JA2MYA):

Since JA2MYA was licensed to me in June 1968, my total QSOs have become more than 100,000. When I started my Ham radio career, I was very busy with my job and could not spend enough time to be on the air. At that time, I made approximately 100 QSOs a month, but since I retired my job, Ham radio has been the main activity in my life. In every month, I made 300 to 500 QSOs, and total QSOs became more than 90,000 in February 2009. After that, I have been on the air more energetically and finally I made it in October 2010.

It took 42 years and 4 months for me to make 100,000 QSOs. I have never been QRT during my Ham radio career, and 99.9% of my QSOs were by CW, from 1.9 MHz band to 1200 MHz band and by satellite contacts.

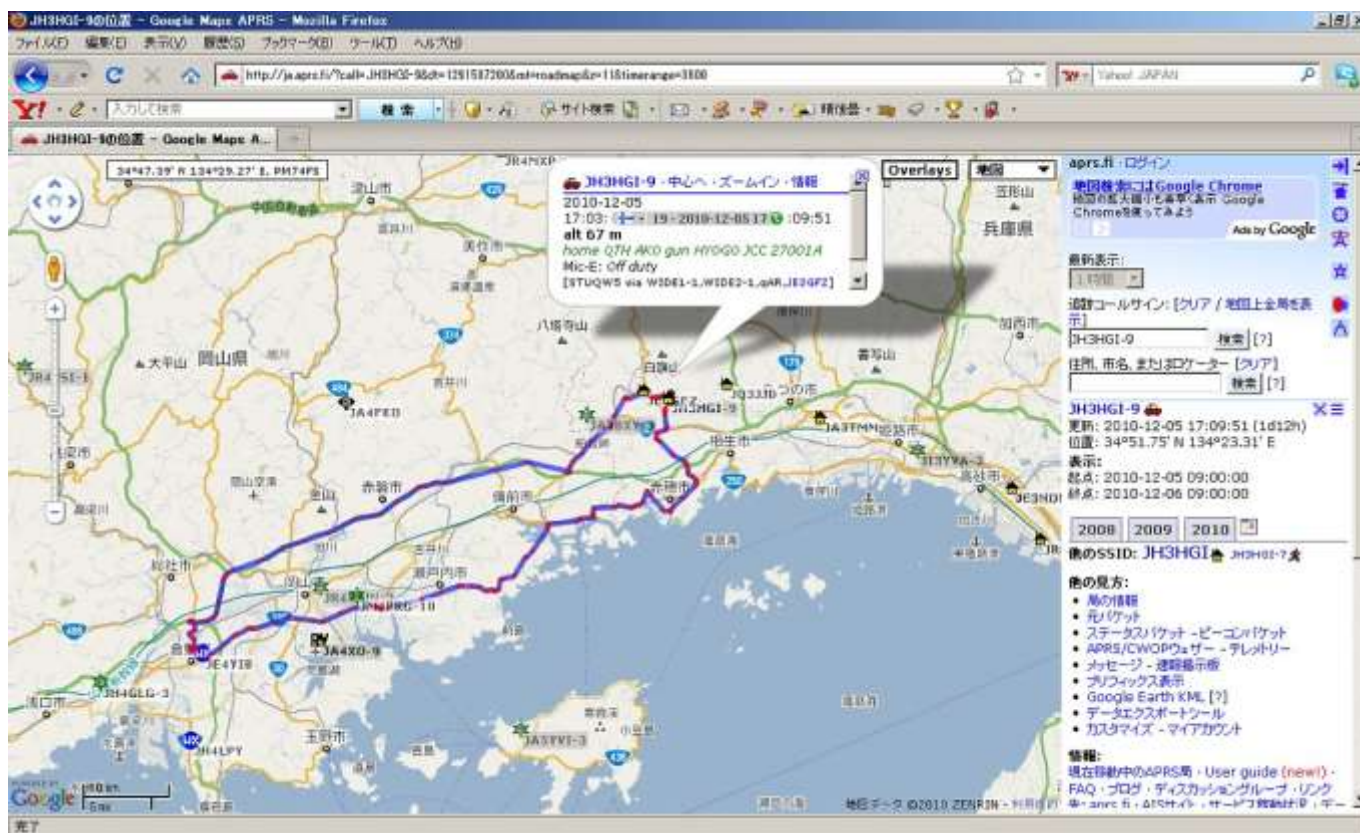

I suppose that I have made a bit more QSOs than other stations, because I have been interested in an award hunting and participating in contests.

In these days, I spend most of my time to look for new entities and new JCCs/JCGs during weekends as well as weekdays. One may ask me why I am so active. Then, I can only say "it is a great fun." In near future, I am planning to analyze my QSO data not only for obtaining scientific results, but also for stimulating my brain to avoid developing dementia. Hi, Hi.

I did make more than 100,000 QSOs in fact. This is not the end, but the new start for me. I will be on the air as frequently as possible also from now on. So, I would appreciate your calling me when you find me on the air.

Enjoying APRS (by JH3HGI):

I have started enjoying APRS since January 2010. It is a great fun to see on the Google Map where I was driving, especially in unknown areas. However, I have to switch my beacon off when my destination should be secret. Otherwise, everyone could know where I am now. Hi, Hi.

Short breaks:

JA1COP: I would like to be QRV on 2400 MHz band. However, unfortunately such a rig is not commercially available.

JE3PED: I moved to Tokyo in October because of my job. Now I live in a dormitory of my company, thus, without my antenna, unfortunately I cannot be on the air for a while.

JA5CUX: During one of the biggest JA contest held by JARL, I found CQing by DU station on 50 MHz band. Surprisingly, I could make a QSO with only 10 watts running into a whip antenna. Most JA stations did not notice this DX signal, because they were concentrating on the contest, which luckily made my QSO possible.

JA8AJE: September 2010 was a too busy month for me, because of a JARL local branch meeting, the general meeting of KCJ and my computer HDD crashing! I had to spend most of my time to settle these things and could not have enough time to be on the air. Everyone, please note that your HDD could be broken at any time. I have realized and also will strongly recommed you that important data should be copied in another HDD as a backup.

KCJ AWARD

JA1FCY: KCJA500 #025 issued on 25 September 2010
JA1COP: KCJA450 #050 issued on 3 October 2010
JJ2SVL: KCJA100 #332 issued on 4 November 2010

New member

JO3OMA Kousuke “Kou” Nagai

We welcome Kou as a new member of KCJ. He is still in his 30’s and very active on the air. He plans to learn Japanese code CW and also aims DXCC.

Greeting from a new editor:

Hello friends. I am JG2GSY, Tomio “Tommy” YAMAZAKI. I will be responsible for editing the NEWS LETTER from this issue for a while. I am a medical doctor (hematologist) and also a medical science researcher. Thus, my English may sound a bit strange (technical). When you feel something strange in my English, I would appreciate it if you could kindly tell me so.
