### 01 Contacts with DF7TV Tom-san

#### 【JH1ASG/NAKA】

I am very pleased to tell you that several KCJ members, including myself were able to work with DF7TV Tom-san, our Associate Member.

When I sent the last KCJ Newsletter to Tom-san at the end of this March, he gave me a reply and told me that he was chasing KCJA-100 Award for 100 band slots of Japanese Prefectures.

After forwarding his mail to KCJ members, Tom-san sent me his “Most Wanted Prefectures List” in Japan.

Hello,

at present I am working to the KCJA award.

[https://www.kcj-cw.com/kcja/e\\_kcja\\_rule.htm](https://www.kcj-cw.com/kcja/e_kcja_rule.htm)

For the basic award there are 100 band slots of Prefectures of Japan to be confirmed by QSL card, LoTW or eQSL to achieve the goal.

Checking my log I see that, at present, I have 88 band slots confirmed so far.

My "most wanted" Japanese Prefectures at present are:

22: Kyoto  
23: Shiga  
29: Fukui  
34: Tottori  
37: Tokushima  
44: Oita  
45: Miyazaki  
47: Okinawa

So, if you are QRV from one of these Prefectures on one or more of the shortwave bands (preferred 40m to 10m), I would be very glad to fix SKEDs on one or several bands with you.

I'll do the QSO at your preferred CW speed.

Please reply to me in an email to " [df7tv \(at\) mailbox.org](mailto:df7tv@mailbox.org) "

According to Tom-san's request, JS6SVV Shige got in touch with him for their SKED QSO, and succeeded in it in April from Okinawa on 18MHz. Then JS6RRR Take worked with him on 15/12/10 meters CW and 10 meter SSB from the same island.

The last but not the least is myself. It was truly my dream come true to work with Tom-san at CQ WW WPX Contest CW in May. As soon as I had a QSO with him, I sent an email with my QSL card.

Hello dear Mccorphy-san,

What a nice surprise to hear your callsign in the WPX-CW Contest!

I will send a QSL card of the club station DK0SU from where I was QRV via bureau and would be glad if you could send your card to DK0SU via bureau.

(DF7TV is not a member of the DARC / German amateur radio club)

Because I am now the only one at the club station who is interested in QSL cards to DK0SU, I will surely get it.

Your real report has been 339 with heavy QSB but we managed to get the contact and that's so nice.

Now only 8 bands remaining for us to be worked :)

You could be my first contact to Japan on 160m :) :) :)

I recently have been able to apply for the KCJ basic award with 100 Prefectures and hope it will be accepted. ....Well – now looking forward to the journey to 150/200 points :)

KEI's Sincere Wish

I was appointed to start working in Myanmar in October 2019, and for the past two and a half years, I have been almost here due to the spread of COVID-19 virus and the influence of political changes, therefore I am away from Ham again. Although I brought my ham license and station license in English to open the station here, it is unrealistic to open it due to these influences.

The situation in Ukraine has completely overshadowed the story of Myanmar. Although there are security forces in the city, civilian life seems to have returned to its former state. On the other hand, it is expected that the difficulty of living and business continuity will increase further in the future, such as the compulsory conversion from foreign currency to Myanmar currency and soaring prices such as oil. I continue to pray for the return of Myanmar when it was called the "Last Frontier" as soon as possible.
